The Princess and the Treasure

Read and answer the questions please.

The princess went into the forest because she was told about a treasure. She went alone since nobody wanted to go with her.

She looked for days, but didn't find any treasure. However, she did find a frog!

The princess thought it might be magical so she picked it up and put it in her pocket. -"Croak!"

"I never said I wanted a frog." But you did say you wanted a treasure, she thought. And she couldn't just throw the frog back into the forest because what if it got hurt? She decided to take it home and ask her mom about it when she got there.

Those who think positively are rewarded with good things. A map helped her locate the treasure.
