

My Pet Cat Whiskers

I am Lily. I have a pet cat named Whiskers. She is soft, white, and has bright green eyes. Whiskers loves to nap in the sunlight and sit on my lap when I read.

Whiskers is very quiet but playful. She likes to chase strings and jump on the couch.

When she is happy, she purrs loudly. She also rubs her head against me when she wants attention.

Every day, I feed Whiskers some cat food and give her clean water. At night, she sleeps at the foot of my bed. Whiskers is my best friend, and I love her very much.

Questions

1. Who am I?
