

**Reading Passages
for Grade 2**

My Idea

I have an idea. We can workout with my ideas. My idea is out of the box. It can solve the problem in a completely different way. When we are trying to solve a problem, it is better we keep ourselves away from the problem and look at it. This makes anything easy to solve it. So always think out of the box.

Paper Plane

It is my paper plane. My dad helped me to make it. We made it with white paper. I have color planes too. It flies high. It makes me happy when I see it flying high. I give all my force to fly it, I wish it reaches the sky and gets back with all the stars. Yes, it is my paper plane.

It is my small world

It is my globe. It is my snow globe. It is my small world. It makes me happy to see into this world. I make the snow in it. Yes, I shake and I make it whenever I want to see the snow in it. Because it is my small world.

We are on a trip

We are on a trip. We are travelling from my home. We are going to meet our grandma. It is a long trip. Though it is the rainy season, I love to travel in this season. It removes all my stress and relaxes me. My dad is a super driver and handles all types of traffic. I enjoy my trip.
