

Reading comprehension
for Grade 3 or 4

Today, I am going to talk about my school. Our school gives more importance to science. Students are given the chance to work on real time projects. They are made to understand the importance of science in our daily life. We participate in science fairs. Our school gives importance to future technologies. We have one of the best labs equipped with modern facilities which make us learn better. Additionally, students are also taught to be self dependent & independent in decision making.

1. What am I talking about?
2. What is the subject I am talking about here? Why?
3. How does the school help the students?
4. What does the school teach apart from science?
5. How does decision making help students?

A little girl, a father and a mother live together in a cottage on the edge of a small village. Both of her parents love her very much, but her grandmother, who lives with them as well, loves her the most because she knows how to give her delightful surprises. One day her grandmother gave her a cloak, and she liked it so much that everyone called her Little Red Riding Hood. One day, Little Red Riding Hood's mom told her to take a basket filled with goodies for her grandma. Her mom packed the basket with an apple pie, and some colorful eggs that were painted blue and red.

1. Where was the little girl living?
2. How many characters are there in this story?
3. What did the grandmother do?
4. What is another name of the girl?
5. What did the mother gave her?

James likes to travel. He loves learning new languages. He knows many languages, including English, Mandarin, Japanese and Arabic. The more languages he knows, the more fun he can have with those who don't speak his good English. James also has a weakness for shopping and shopping malls. He frequents the best malls around the world and sometimes even buys things there that he doesn't need. James is not rich enough to travel the world. He needs a travel credit card to help him fulfill his dream. Having a credit card, he can travel more comfortably by using it to book hotels and purchase airline tickets.

1. Who is James? Tell about his characters.
2. How many languages does he know?
3. What are his weaknesses?
4. How does he manage money?
5. How does his credit card help him?

People who farm or raise animals use a wide variety of tools and materials to help them cultivate the land. In fact, there is no shortage of farming equipment, from plows and hoes to irrigation systems and tractors.

However, one of the most common tools used by farmers is the hoe.

Because it is so versatile, the hoe can be used to dig up weeds, aerate soil, remove debris or create rows in the vegetable garden. The hoe is also easy to use outdoors without any special training so anyone can learn how to use it effectively. Hoes are available in various shapes and sizes.

1. Write a title for this reading passage.
2. Write few names of tools used in farming.
3. What does the story tell about?
4. Write about Hoe.
5. Write your view on farming.
