Ann and Henry

Read and answer the questions please.

Ann grew up in a tiny village with her little brother, John. Their parents died when they were young so their grandmother raised them. The villagers mostly ignored Ann because she was poor and the most beautiful girl in the village. But one day she met Prince Henry of England.

The prince looked at Ann skeptically, but he couldn't help but be drawn to her beauty. He asked if she would like to join him on the trip back home where they could get to know each other better over time and see if it might work out between them? Of course, Ann agreed without hesitation!
