

Reading comprehension for Grade 3 or 4

Don't Put All Your Eggs in One Basket.

Introducing Sophia, my best friend.
Sophia likes chocolate. We attend the
same school. Tomorrow is Sara's
birthday. She is wearing pink. It's a
lovely outfit for her. I bought her a
very nice present.

1. Whom am I introducing?
2. Which snack is Sophia's favorite?
3. What is Sophia's birthday?
4. What did I do on her birthday?

Hi, I'm Sheron. I am the son of Dr. Smith. Currently, he works in a hospital. When he comes home, he brings cookies. We watch cartoons together.

1. What is Sheron's father's name?
2. Who is Dr. Smith?
3. What does Dr. Smith bring home with him?
4. Does Dr. Smith watch cartoons?

It's a monkey's nature to play around. Usually, monkeys live in trees. And they have a long tail. Bananas are their favorite food. They live in groups called troops.

1. What is the nature of monkeys?
2. Where can monkeys be found?
3. Which is their favorite food?
4. How do we refer to their groups?

It is an old-fashioned post office.

This is a place where we can send letters to each other.

Letters are delivered by the

postman. Sam is going to receive a letter from

Julie. It is also possible to buy stamps at the post office.

1. What are we discussing?
2. What is the purpose of a post office?
3. How do letters get delivered?
4. What else can we buy from post offices?
