

Mixed Rounding Worksheet

Round each number to the underlined digit

1. 1,818 = _____

2. 5,245 = _____

3. 42,375 = _____

4. 86,619 = _____

5. 42,276 = _____

6. 6,497 = _____

7. 7,937 = _____

8. 82,458 = _____

9. 2,374 = _____

10. 65,911 = _____

11. 26,351 = _____

12. 76,439 = _____

13. 42,469 = _____

14. 5,927 = _____

15. 74,426 = _____

16. 87,257 = _____

17. 89,533 = _____

18. 91,242 = _____

19. 63,575 = _____

20. 3,434 = _____

Mixed Rounding Worksheet - Answer Key

Round each number to the underlined digit

$$1. \underline{1},818 = \underline{1},800 \quad 2. 5,\underline{2}45 = \underline{5},250$$

$$3. 42,\underline{3}75 = \underline{42},400 \quad 4. 86,\underline{6}19 = \underline{86},620$$

$$5. 42,\underline{2}76 = \underline{42},300 \quad 6. 6,\underline{4}97 = \underline{6},497$$

$$7. 7,\underline{9}37 = \underline{7},940 \quad 8. 8\underline{2},458 = \underline{82},000$$

$$9. 2,\underline{3}74 = \underline{2},400 \quad 10. 65,\underline{9}11 = \underline{65},911$$

$$11. 26,\underline{3}51 = \underline{26},400 \quad 12. 76,\underline{4}39 = \underline{76},439$$

$$13. \underline{4}2,469 = \underline{40},000 \quad 14. \underline{5},927 = \underline{6},000$$

$$15. \underline{7}4,426 = \underline{70},000 \quad 16. \underline{8}7,257 = \underline{90},000$$

$$17. \underline{8}9,533 = \underline{90},000 \quad 18. \underline{9}1,242 = \underline{90},000$$

$$19. \underline{6}3,575 = \underline{60},000 \quad 20. \underline{3},4\underline{3}4 = \underline{3},430$$
