Life Of A Bird

A young bird needs to be educated just as a child needs to be, though not exactly in the same way. after the young bird can fly, he needs to be taught to find his own food, and also where to sleep.

Back To School

School is a place we
go to learn new
things. There are so
many teachers and
classrooms in school.
I am not sure where
my classroom is, but
some of my friends
told me that theirs
are located on the
second floor.
